# ABOUT

---

- Inspiron '23 is a 24-hour National level hackathon that will take place on the 24th and 25th of March.
- It is organized by the CSI COEP Tech Student Chapter, which has organized various technical activities including workshops, competitions, technical symposiums, guest lectures, etc. for its student members.
- The hackathon aims to challenge the participants to devise innovative and ingenuous ideas to solve a real-life problem.
- It provides a platform for students to showcase and enhance their problem-solving abilities and coding skills.

# STRUCTURE

---

- Inspiron '23 is open to students from all colleges and all branches.
- The registration is free for all.
- Team Size : 1-4 Members.
- The hackathon consists of two rounds:
  - Pitch Deck Submission Round
  - Coding Round

# TIMELINE

- March-6-2023  
12:00 AM - Registration starts
- March-19-2023  
10:00 AM - Problem Statements  
will be released
- March-21-2023  
12:00 AM - Registrations close,  
Deadline for submission of pitch deck
- March-23-2023  
5:00 PM - Announcement of  
shortlisted teams

- March-24-2023  
9:00 AM - Opening Ceremony
- March-24-2023  
10:30 AM - Coding starts
- March-25-2023  
11:30 AM - Final Submission of project
- March-25-2023  
12:00 PM - Judging Round begins
- March-26-2023  
6:30 PM - Closing Ceremony and  
Winner Declaration

# ROUND 1

## PITCH DECK SUBMISSION

- Participants will be required to propose a solution in the given for any one of the 5 domains given :
  - IOT
  - Machine Learning
  - Blockchain
  - Web Development
  - Open Technology
- The top 15 teams will be selected for the coding round.

# ROUND 2

---

## CODING ROUND

- In this round, the selected 15 teams will have to code their proposed solutions in 24 hours.
- Each team will be assigned a mentor to clarify any doubts during the 24 hours.
- Participants will be in touch with the organizing team via Discord and WhatsApp during this round.

# PRIZES

---

First Prize

Second Prize

Third Prize

Best hack built  
on Ethereum +  
Polygon

Best hack built  
on Ethereum

Best Pitch

Best UI

# ABOUT CSI COEP Tech

- The Computer Society of India (CSI) COEP Tech Student chapter works under the guidance of the Department of Computer Engineering COEP and organises several technical activities including workshops, competitions, technical symposiums, guest lectures, etc.
- At the very onset of this semester "SY for dummies" and "TY for dummies" were conducted by the seniors of CSI to guide the juniors on how to manage the workload, maximize efficiency of their coursework.

- CodeQuest is our annual coding competition. It is conducted to enhance the spirit of Competitive Coding in the students.
- We conducted “Code to Compete”, an introductory session on Competitive Programming, where seniors guided juniors on how to get started with competitive coding, crack coding rounds and interviews.
- Inspiron '22 was a 24-hour hackathon with the theme 'Smart city' which was held in March 2022. We received over 300 participants from all across the country. It was conducted completely in online mode.

- Various online workshops were also conducted like “Parallel Programming Through DPC++”, “Chrome DevTools and Extensions Workshop” along with “One Day Symposiums on AI, GPU Computing & IoT”
